INTERNACIONAL AGENCIES

At the Kreston Iberaudit Network we have several firms that are registered with the **Public Company Accounting Oversight Board-PCAOB**. The PCAOB (Public Company Accounting Oversight Board) is a private, not-for-profit corporation created to oversee audit professionals who prepare independent audit reports for publicly traded companies in the United States.

Membership in the PCAOB means adhering to **rigorous standards of quality and transparency, as well as being subject to regular inspections to ensure compliance with those standards**.

Membership in this organisation demonstrates a **high level of integrity and professionalism, strengthening the reputation and confidence in Kreston Iberaudit's services**.

Kreston Global is a member of the **Forum of Firms (FOF)**, an **international association of the world's leading audit networks performing audits of financial statements** that can be used across national boundaries.

The Forum of Firms operates through the Transnational Committee of IFAC (International Federation of Accountants), the global peak auditing organisation, which works **to protect the public interest by encouraging high quality practices by auditors**.

Forum of Firms gives the Kreston International Network a globally **recognised quality credential that provides a competitive differentiator, both internationally and nationally**.

CORPORATE SOCIAL RESPONSIBILITY

As part of our **Corporate Social Responsibility strategy** at Kreston Iberaudit, we **align ourselves with the following Sustainable Development Goals** (SDGs) promoted by the United Nations.

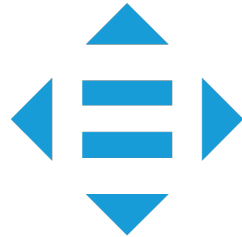

We recognise our responsibility in this process and are **fully committed to making a significant contribution to reducing our environmental impact and promoting responsible business practices.**

CONTROLS

In order to comply with **quality standards**, our firm **has implemented quality management policies and procedures** at both **national and international level**.

Our **rigorous Internal Organisation and Quality Management Manual contains a series of policies and procedures to ensure that we carry out our work properly**. These policies and procedures include, among others, annual monitoring reviews by the monitoring manager who performs a thorough assessment of the quality policies and procedures and ensures that the audit work performed is sufficient and appropriate to support the opinions issued.

Our professional practice complies with national and international standards. In this respect, **the quality controls carried out by the ICAC in recent years have been satisfactory**.

In addition, **Kreston Global also carries out Quality Control reviews at intervals of between 3 and 4 years**.

LEGAL

The success of any business depends on a multitude of factors: from detailed planning of the business plan to an innate capacity for leadership and efficient management.

However, any of these decisive points in a company's journey can fail without quality advice from advisors who can provide solutions to your interests.

Our legal department has a multidisciplinary team with a **360° approach** and **extensive experience of both national and international clients and matters in the different legal areas**, which allows us to provide services in any situation or project with the agility required in today's globalised market.

- Commercial: agreement, corporate transactions, board or directors secretaries and company restructuring.
- Legal advising (M&A): Sale and purchase agreement companies, business and assets. NDA, MOU, LOI, due diligence, SPA, financing, etc.

- Civil litigation: representation and advice in legal proceedings.
- Banking and financial: contractual, procurement, financial management with financial institutions.
- Real estate: contractual, and due diligence of assets.
- Pre-bankruptcy and bankruptcy: insolvency proceedings.
- Labour: contracting, dismissal and representation before the SMAC and courts.
- Economic criminal law

EXPATRIATE MANAGEMENT

With the internationalisation of companies, the mobility of employees is becoming more and more common, which entails a series of highly complex procedures and formalities.

In addition to the control and management of procedures, expatriation is a process that requires commitment on the part of both the employee who is moving and the parent company.

The aim is to ensure that the employee adapts to the country of destination at all levels, and to do so in the shortest possible time.

Therefore, **both the company and the employee need a team that offers quality global expatriation support, covering all legal, administrative and management needs.**
